Outpatient Package Catalogue

Comprehensive flat-rate medical packages
Designed for ADAC AG Holders

Prepared for: ADAC Versicherung AG & ARC Group
Hurghada Medical Center · Operations Department
May 2026 · Hurghada, Egypt

Introduction

This catalogue presents Hurghada Medical Center's comprehensive flat-rate package framework designed for ADAC AG Holders traveling in the Red Sea region. Each package has been structured around common clinical presentations encountered in tourist medical care, with pricing calibrated against reasonable pricing for the services provided.

Catalogue Structure

The catalogue is organized into **9 clinical categories**, each containing multiple sub-packages that account for severity, required diagnostics, procedural complexity, and service delivery mode.

#	Clinical Category	Sub-Packages
1	Gastroenteritis, GI Conditions & IV Therapy	14
2	Respiratory Conditions	7
3	Wound Care & Suturing	10
4	Trauma & Orthopedic	8
5	ENT (Ear · Nose · Throat)	6
6	Dental Emergency	5
7	Allergic & Skin Conditions	5
8	Eye Conditions	3
9	Cardiac Outpatient	4

Pricing Philosophy

All prices are denominated in **Euro (EUR)** and represent flat rates inclusive of the listed services. Pricing has been calibrated to be reasonable only for the needed treatment.

Service Modes

Each package can be delivered in one of three modes, depending on clinical and patient circumstances. Mode selection does not change the base package price:

- Mode A — Clinic Visit:** Patient attends one of HMC's 10 locations across Hurghada, Sahl Hasheesh, Safaga & Marsa Alam.
- Mode B — Hotel Room Visit:** HMC doctor and nursing team travel to the patient's hotel with portable equipment & medications.
- Mode C — Mobile Clinic Unit:** Fully equipped mobile clinic deployed to hotel Gates & Receptions for cases requiring extended observation or multiple simple interventions.

Important: All packages include a doctor examination, vital signs assessment, Detailed Medical Report, and package-coded invoice. Medications, consumables, and follow-up visits within the agreed scope are included unless explicitly noted if needed.

1

GI Gastroenteritis, GI Conditions & IV Therapy

Acute gastroenteritis represents approximately 60% of all hospital cases in Hurghada among travelers and is consistently the most common medical presentation in the Red Sea region. This combined category covers gastrointestinal complaints together with IV hydration therapy, as they are clinically linked. Packages are tiered by severity, hydration status, and whether laboratory investigation or extended observation is required.

Section 1.A — Gastroenteritis & GI Management

Code	Package Name	What's Included	EUR
HMC-GI-01	Mild Gastroenteritis — Oral Management	Doctor exam · Vital signs · Oral rehydration therapy · Anti-emetic/anti-diarrheal oral meds · Medical report	200
HMC-GI-02	Moderate Gastroenteritis with Mild Dehydration	Doctor exam · Vital signs · IV cannula + 1 IV bag (saline/Ringer) · IM anti-emetic · Oral meds · Nursing service · Report	240
HMC-GI-03	Acute Gastroenteritis with Dehydration	Doctor exam · Vital signs · IV cannula + 2 IV bags · IM/IV anti-emetic & anti-diarrheal · Oral meds · 2-hour observation · Report	280
HMC-GI-04	Severe Gastroenteritis + Basic Labs	All of GI-03 + CBC + CRP + Electrolytes + Urea/Creatinine · Re-assessment · Report	330
HMC-GI-05	Food Poisoning Protocol (Adult)	Doctor exam · IV cannula + 2 IV bags · Anti-emetic IV · Antibiotic if indicated · Anti-spasmodic · Observation 3 hr · Report	320
HMC-GI-06	Pediatric Gastroenteritis (Infant/Child)	Pediatric exam · Weight-based IV/ORT · Anti-emetic syrup · Probiotic · Nursing · Pediatric report · Follow-up call next day	290
HMC-GI-07	Acute Gastritis / Abdominal Colic (No Dehydration)	Doctor exam · IM anti-spasmodic · IM/oral PPI · Oral meds package · Report	220
HMC-GI-08	Severe GI + Extended Observation (4–6 hrs)	Full GI-04 + Extended observation 4–6 hr · 2nd doctor re-assessment · Discharge planning · Report	400

Section 1.B — IV Therapy & Hydration

Code	Package Name	What's Included	EUR
HMC-IV-01	Mild Dehydration — Single IV Session	Doctor exam · IV cannula · 1 IV bag (1L saline or Ringer) · Vitamin supplement · Nursing · Report	220
HMC-IV-02	Moderate Dehydration — Dual IV	Doctor exam · IV cannula · 2 IV bags · Electrolyte supplement · Anti-emetic if needed · Nursing · Report	270

Code	Package Name	What's Included	EUR
HMC-IV-03	Severe Dehydration — Triple IV + Electrolytes	Doctor exam · IV cannula · 3 IV bags · IV potassium/electrolyte correction · 2-hr observation · Report	340
HMC-IV-04	Heat Exhaustion / Sunstroke Recovery	Doctor exam · IV cannula + 2 IV bags · Cooling protocol · Anti-emetic · Pain relief · 3-hr observation · Report	310
HMC-IV-05	Travel Fatigue & Recovery IV	Doctor exam · IV cannula · 1 IV bag with B-complex + vitamin C · Anti-emetic · Analgesic · Nursing · Report	240
HMC-IV-06	Extended IV Therapy + 4-hr Observation	All of IV-03 + Extended monitoring 4 hr · Re-assessment · Re-hydration verification · Report	410

Escalation criteria: Persistent vomiting beyond reasonable limits, severe dehydration not responding to IV therapy, bloody diarrhea, signs of acute abdomen, or pediatric cases under 1 year of age are escalated to inpatient admission and notified to the assistance company within 15 minutes.

2 RX Respiratory Conditions

Acute respiratory infections — particularly bronchitis, pharyngitis, tonsillitis, and pneumonia — are among the most frequent presentations in tourists visiting the Red Sea region. Packages cover mild outpatient cases through acute exacerbations requiring nebulizer therapy and supportive treatment.

Code	Package Name	What's Included	EUR
HMC-RX-01	Mild URTI / Pharyngitis — Oral Management	Doctor exam · Throat assessment · Oral analgesics + antipyretics · Lozenges · Report	200
HMC-RX-02	Acute Bronchitis — Oral + IM Injection	Doctor exam · Chest auscultation · IM antibiotic loading dose · Oral antibiotic + mucolytic · Report	230
HMC-RX-03	Acute Tonsillitis — Moderate Fever	Doctor exam · Throat swab assessment · IM/IV antibiotic + analgesic · Antipyretic · Oral package · Report	260
HMC-RX-04	Acute Tonsillitis — High Fever + Labs	All of RX-03 + CBC + CRP · IV fluids if needed · 2-hr observation · Report	320
HMC-RX-05	Pneumonia — Outpatient + X-Ray + Labs	Doctor exam · Chest X-Ray + radiology report · CBC + CRP · IM/IV antibiotic · Nebulizer · Oral package · Report	380
HMC-RX-06	Acute Asthmatic Bronchitis — Nebulizer Session	Doctor exam · SpO ₂ measurement · Nebulizer (bronchodilator + steroid) × 2–3 sessions · IM steroid · Report	290
HMC-RX-07	Acute Sinusitis / Rhinitis	Doctor (or ENT) exam · Nasal decongestant · IM antibiotic if indicated · Oral package · Report	220

3 WD Wound Care & Suturing

Wound care packages are tiered by wound complexity, suture count, anatomical location, and whether imaging is required to exclude underlying injury. Sea urchin removal is included given its frequency in Red Sea tourist medicine.

Section 3.A — Simple Wounds & Dressing

Code	Package Name	What's Included	EUR
HMC-WD-01	Superficial Wound — Cleaning Only (No Suture)	Doctor exam · Wound cleaning · Antiseptic dressing · Tetanus advice · IM antibiotic if indicated · Report	200
HMC-WD-02	Wound Dressing Follow-up (Single Session)	Wound inspection · Re-dressing · Antiseptic application · Brief nursing visit · Note	200
HMC-WD-03	Infected Wound — Drainage + Dressing	Doctor exam · Pus drainage · Wound irrigation · Sterile dressing · IM antibiotic · Oral meds · Report	260

Section 3.B — Suturing (Standard Body Locations)

Code	Package Name	What's Included	EUR
HMC-WD-04	Suturing — 1 to 3 Stitches (No X-Ray)	Doctor exam · Local anaesthesia · Wound cleaning · Suturing · Dressing · Tetanus · Removal visit · Report	230
HMC-WD-05	Suturing — 4 to 6 Stitches (No X-Ray)	Doctor exam · Local anaesthesia · Wound cleaning · Suturing · Dressing · IM antibiotic · Removal visit · Report	270
HMC-WD-06	Suturing — 7 to 10 Stitches (No X-Ray)	Doctor exam · Local anaesthesia · Wound cleaning · Suturing · Dressing · IM antibiotic · 2 removal visits · Report	320
HMC-WD-07	Suturing + X-Ray — 1 to 5 Stitches	Doctor exam · Local anaesthesia · X-Ray (foreign body / underlying injury) · Suturing · Dressing · Antibiotic · Report	310
HMC-WD-08	Suturing + X-Ray — 6 to 10 Stitches	All of WD-07 with 6–10 stitches · 2 removal visits · Report	370

Section 3.C — Facial / Plastic Suturing

Code	Package Name	What's Included	EUR
HMC-WD-09	Facial Wound — Plastic Suturing 1 to 5 cm	Doctor (plastic technique) · Local anaesthesia · Fine-suture material · Cosmetic closure · Dressing · 2 removal visits · Report	320
HMC-WD-10	Facial Wound — Plastic Suturing 5 to 10 cm	All of WD-09 for larger wound · 3 removal visits · Anti-scar advice · Report	400

Section 3.D — Marine Injuries

Code	Package Name	What's Included	EUR
HMC-WD-11	Sea Urchin Removal — Small (1–3 spines)	Doctor exam · Local anaesthesia · Surgical spine extraction · Antiseptic · Dressing · Tetanus · IM antibiotic · Report	280
HMC-WD-12	Sea Urchin Removal — Large (4+ spines)	All of WD-11 for larger extraction · Multiple sessions · 2 dressing changes · Report	370

Code	Package Name	What's Included	EUR
HMC-WD-13	Jellyfish / Marine Sting — Severe	Doctor exam · Wound irrigation · Pain management (IM/IV) · Anti-histamine · Steroid if needed · Topical · Report	230

Wounds with deep tissue involvement, suspected nerve/tendon damage, animal bites, or wounds older than 12 hours may require additional procedures and are quoted separately.

4 OR Trauma & Orthopedic

Trauma cases — sprains, contusions, suspected fractures — are common in active tourist environments. HMC's portable X-Ray capability allows full assessment at the hotel for patients unable to travel, with cast/immobilization performed on site.

Code	Package Name	What's Included	EUR
HMC-OR-01	Sprain / Strain — No X-Ray	Doctor exam · Clinical assessment · Cold therapy · Elastic compression bandage · Pain meds · Crutches if needed · Report	230
HMC-OR-02	Sprain / Strain — With X-Ray	All of OR-01 + X-Ray (1 region) + Radiology report · Confirmation of no fracture · Report	290
HMC-OR-03	Contusion / Soft Tissue Injury — No X-Ray	Doctor exam · Clinical assessment · Pain management (IM/oral) · Topical anti-inflammatory · Bandage if needed · Report	240
HMC-OR-04	Contusion + X-Ray (Rule out Fracture)	All of OR-03 + X-Ray + report · Pain management · Soft splint if indicated · Report	300
HMC-OR-05	Suspected Fracture — X-Ray + Bandage	Doctor exam · X-Ray (1 region) · Radiology report · Pain management · Bandage / sling · Orthopedic referral if positive · Report	330
HMC-OR-06	Confirmed Fracture — X-Ray + Plaster Cast	All of OR-05 + Plaster cast application · Cast care instructions · 1 follow-up visit · Report	440
HMC-OR-07	Joint Dislocation — Reduction + Immobilization	Doctor exam · X-Ray · IV/IM analgesia + sedation · Closed reduction · Post-reduction X-Ray · Immobilization · Report	490
HMC-OR-08	Acute Back Pain / Lumbago — Outpatient Management	Doctor exam · Clinical assessment · IM analgesic + muscle relaxant · Oral package · Postural advice · Report	240

5 EN ENT (Ear · Nose · Throat)

ENT presentations include ear barotrauma (common after diving), otitis from swimming, and acute throat infections. Ear wash and foreign body extraction are routinely performed using portable equipment.

Code	Package Name	What's Included	EUR
HMC-EN-01	Otitis Externa / Swimmer's Ear — Simple	Doctor exam · Otoscopy · Ear cleaning · Antibiotic ear drops · Oral analgesic · Swimming advice · Report	210
HMC-EN-02	Otitis Media — Simple	Doctor exam · Otoscopy · IM/oral antibiotic · Decongestant · Analgesic · Report	240
HMC-EN-03	Severe Otitis — Ear Pack / Lavage + Treatment	Doctor exam · Otoscopy · Ear pack OR therapeutic lavage · Topical + systemic antibiotic · Pain control · Report	290
HMC-EN-04	Ear Wax Removal — Single Ear	Doctor exam · Portable ear-wash system · Pre-softening drops · Post-procedure assessment · Report	200
HMC-EN-05	Ear Wax Removal — Both Ears	Doctor exam · Portable ear-wash both ears · Pre-softening drops · Post-procedure assessment · Report	270
HMC-EN-06	Epistaxis (Nosebleed) with Anterior Packing	Doctor exam · Nasal cautery if needed · Anterior packing · Anti-hypertensive if indicated · Post-care advice · Report	320

6 DN Dental Emergency

Dental packages cover urgent presentations only. Insurance coverage for dental services varies by plan — pre-authorization is recommended for any procedure beyond consultation.

Code	Package Name	What's Included	EUR
HMC-DN-01	Dental Pain — Examination + Medication	Dental exam · Pain/infection assessment · Oral analgesic + antibiotic · Emergency advice · Report	200
HMC-DN-02	Simple Tooth Extraction	Dental exam · Local anaesthesia · Simple extraction · Wound packing · Oral meds · Post-extraction advice · Report	280
HMC-DN-03	Tooth Filling — Amalgam (One Tooth)	Dental exam · Local anaesthesia · Filling preparation · Amalgam restoration · Bite check · Report	310
HMC-DN-04	Complicated Extraction + X-Ray	Dental exam · X-Ray + report · Local anaesthesia · Surgical extraction · Suturing if needed · Antibiotic · Report	390
HMC-DN-05	Dental Abscess — Drainage + Antibiotics	Dental exam · X-Ray · Drainage under local anaesthesia · IM/oral antibiotic · Analgesic · Follow-up advice · Report	430

7 DR Allergic & Skin Conditions

Sun exposure, marine environment, and dietary changes lead to a high incidence of allergic and dermatological presentations during travel.

Code	Package Name	What's Included	EUR
HMC-DR-01	Mild Allergic Reaction / Insect Bite	Doctor exam · IM anti-histamine · IM/oral steroid if needed · Topical preparation · Oral package · Report	200

Code	Package Name	What's Included	EUR
HMC-DR-02	Moderate Allergic Reaction / Urticaria	Doctor exam · IM/IV anti-histamine + steroid · IV fluids if needed · 2-hr observation · Oral meds · Report	270
HMC-DR-03	Severe Allergic Reaction with Shortness of Breath	Doctor exam · IV access · IV anti-histamine + IV steroid · Nebulizer · O ₂ if needed · 4-hr observation · Report	340
HMC-DR-04	1st-degree Burn / Sunburn (Adult)	Doctor exam · Burn cleaning · Topical preparation · Pain management · Hydration · Oral package · Report	230
HMC-DR-05	2nd-degree Burn / Severe Sunburn	Doctor exam · Wound cleaning · Sterile dressing · IM analgesic · Anti-histamine · Antibiotic if indicated · Report	300

8 EY Eye Conditions

Conjunctivitis from sun, chlorine, or sand is the dominant eye presentation. Foreign-body removal is performed in clinic under magnification.

Code	Package Name	What's Included	EUR
HMC-EY-01	Conjunctivitis / Photosensitivity	Doctor exam · Eye assessment · Antibiotic eye drops · Anti-inflammatory drops · Patching advice · Report	200
HMC-EY-02	Eye Irritation + Foreign Body Removal	Doctor exam · Local anaesthetic drops · Foreign-body extraction · Antibiotic drops · Eye pad · Report	250
HMC-EY-03	Severe Eye Infection / Keratitis	Doctor exam · Detailed eye assessment · Fluorescein stain · Combined antibiotic + steroid drops · Oral meds · Follow-up · Report	290

9 CR Cardiac Outpatient

Cardiac outpatient packages are designed for low-risk presentations only. ALL chest pain or suspected cardiac events undergo immediate ECG screening, and any abnormality triggers immediate escalation to ER and notification to the assistance company.

Code	Package Name	What's Included	EUR
HMC-CR-01	Hypertensive Emergency — Outpatient Control	Doctor exam · BP monitoring · ECG · IM/IV anti-hypertensive · 2-hr observation · Oral package · Report	320
HMC-CR-02	Hypotension / Syncope — Investigation	Doctor exam · ECG · CBC + Electrolytes · IV fluids · 3-hr observation · Re-assessment · Report	360
HMC-CR-03	Low-risk Chest Pain — Cardiac Screening	Doctor exam · ECG · Troponin · CBC · Basic metabolic panel · BP/SpO ₂ monitoring · Outpatient assessment · Report	420
HMC-CR-04	Acute Arrhythmia / Palpitations	Doctor exam · ECG · Cardiac auscultation · IM/IV anti-arrhythmic if indicated · 4-hr monitoring · Report	470

Mandatory escalation: ST changes on ECG, troponin elevation, hemodynamic instability, $\text{SpO}_2 < 94\%$, or unresolved chest pain → immediate transfer to ER with ambulance support. The assistance company is notified within 15 minutes of decision.

Master Pricing Summary

Quick-reference table of all packages organized by clinical category. All prices in EUR.

Category	Range (EUR)	Most Common Package	EUR
GI Conditions & IV Therapy	200 – 410	HMC-GI-03 Acute GE with Dehydration	280
Respiratory	200 – 380	HMC-RX-02 Acute Bronchitis	230
Wound Care & Suturing	200 – 400	HMC-WD-04 Suturing 1–3 Stitches	230
Trauma & Orthopedic	230 – 490	HMC-OR-05 Suspected Fracture + X-Ray	330
ENT	200 – 320	HMC-EN-02 Otitis Media Simple	240
Dental	200 – 430	HMC-DN-01 Dental Pain + Medication	200
Allergic & Skin	200 – 340	HMC-DR-01 Mild Allergic Reaction	200
Eye Conditions	200 – 290	HMC-EY-01 Conjunctivitis	200
Cardiac Outpatient	320 – 470	HMC-CR-01 Hypertensive Emergency	320

Standard Terms

Inclusions

All packages include: doctor examination, vital signs, Detailed Medical Report, package-coded invoice, basic consumables, prescribed medications, and one control/follow-up visit where indicated.

Mode of Service

Packages can be delivered at HMC clinics across Hurghada, Sahl Hasheesh, Safaga and Marsa Alam; in the patient's hotel room (using portable equipment and medications); or at the hotel via the HMC mobile clinic unit deployed to hotel gates and receptions. Mode of delivery does not change package price.

Pre-authorization

Pre-authorization is required for packages above EUR 250, all admission decisions, and any procedure not explicitly listed in this catalogue. Acknowledgment of case notification is provided within 15 minutes; full triage decision within 30 minutes.

Escalation

Cases meeting clinical red-flag criteria are escalated immediately to ER or inpatient admission. The assistance company is notified within 15 minutes of the escalation decision, with a preliminary clinical summary.

Currency & Payment

All amounts in EUR. Direct billing to the assistance company via Guarantee-of-Payment (GOP). Bank details for EUR transfers: Arab African International Bank, El Gouna Branch, IBAN EG740057023401120828010010301, SWIFT ARAIEGCX.

This catalogue is a proposal for negotiation. Final pricing, scope, and operational terms are subject to bilateral agreement. Prices effective upon signed agreement.
